Comprehensive sexuality education is a rights-based and gender-focused approach to sexuality education focused on youth in or out of school.

CSE helps people to develop self-esteem and life skills that encourage critical thinking, clear communication, responsible decision-making and respectful behavior.

It provides age-appropriate information consistent with the evolving capacities of young people.

Outcomes of the Conference

The conference is expected to:

- Create greater awareness and understanding about the need for collaborative and integrated efforts in relation to ASRH.
- Create awareness about emerging issues of ASRH in the 21st century.
- Promote linkages among relevant stakeholders within the country.
- Develop deeper understanding about current issues and interventions related to ASRH.
- Facilitate collaborative understanding and efforts and the way forward for promotion of ASRH.
- Generate empirical knowledge on ASRH in Bhutan.

Royal University of Bhutan

The Conference is hosted by Paro College of Education, Royal University of Bhutan.

The college is home to about 1025 pre-service student teachers and some 600 in-service teachers who study through part-time and distance modes.

Aim of the Conference

The conference will bring together relevant stakeholders to discuss current and emerging issues related to Adolescent Sexuality Reproductive Health (ASRH).

The expected outcome of the conference will be the perspectives, insights and methods that will assist stakeholders in setting up effective interventions and creating better access related to ASRH young people.

Sub-Themes

- Sexuality, culture and values
- Myths about sexuality
- Sex, gender and sexual orientation
- Sexual violence, molestation and sexual harassment
- Religion and sexuality
